

DERRY NIXON

Full Stack Web Developer

nixondc93@gmail.com

◆ San Francisco, CA

◆ (828) 406-6994

SKILLS

- JavaScript
- Ruby
- React
- Node.js
- HTML5
- CSS3
- SASS
- Ruby on Rails
- jQuery
- PostgreSQL
- MongoDB
- Express

RELEVANT EXPERIENCE

General Assembly- Web Development Immersive

Worked on various projects individually and in teams to build web applications with a complete CRUD interface in MEAN stack, Ruby on Rails, and React on Rails. Gained a strong foundation in programming fundamentals and learned how to break down languages and frameworks to learn them quickly.

Project Wildlife is Life

- Technologies include: React, Rails, AJAX, Material UI, PostgreSQL
- Users can search my database for over 4,000 different endangered species and find relevant data concerning each species.
- I built a rails API and used AJAX to interact with my API. I used React to build the user interface and Material UI to add CSS to my application.

Project Mapp

- Technologies include: Ruby on Rails, Google Places API, Google Maps API, PostgreSQL, JQuery, AJAX
- Allows users to select a city and create itineraries of places they would like to visit in that city. They may also view Itineraries other users have created.
- I added authorization via bcrypt, created the database models and associations, added routing for CRUDing.

Project BeerMe SF

- Technologies include: Node.js, MongoDB, Express, Mongoose, JQuery
- Allows users to search our database of beers, as well as add their own beers.
- I created the database in MongoDB, Used Express to configure the routing, used jQuery on the client side to add interactivity.

PROFESSIONAL EXPERIENCE

Marketing Assistant El Toro Interactive June 2015 - Oct 2016

- Assisted in the management of affiliate campaigns and Google Adwords marketing campaigns, and SEO link building.
- Responsible for reporting to clients as well as internal reports on performance and upcoming events

Real Estate Appraiser Mountain Meadow Appraisals, LLC Apr 2013 - May 2015

- Appraised various forms of real estate, which include single-family homes, proposed construction sites, and vacant land
- Each appraisal report includes real estate market analysis, statistical analysis of recent real estate sales
